Field of the Invention The present invention relates to an offset correction method and an image processing apparatus using the method. 2. Description of the Related Art When a plane original is read by an image reader, a white plate may be used as an artificial background on which an original is placed. Placing the white plate on the original on a table called a glass board and reading the original through the white plate allows the original image to be adjusted on the white background. When an image is placed on the white background in this way, the original image needs to be corrected so that the original image is properly
